BARON LONGO

HUMAN & NATURE

Anton Baron Longo continues the winemaking tradition of the family Longo Liebenstein in Wellenburg und Langenstein.

Providentia, Fortitudo, Constantia: the values of our family – perseverance, courage, and vision – also guide our winery.

## OUR STYLE

### WINES WITH FINESSE

Sustainability begins in our vineyard and culminates in the bottle. Our legacy is embedded in every vine, every grape, and every glass – a testament to a centuries-old, mindful winemaking tradition.
